

*God has planted a special rose next to a stage coach in the west, as the Foundation blossoms, its cause will captivate hearts all around the land.*

*The Stage coach to us represents strength, stability, dignity and grace, for those of us who dare to dream Well's Fargo is there with hope for our future and to give a strong hand that lifts us up.*

*Thank you Wells Fargo for sharing in our vision of a new Tracey's Place of Hope here in Placer County.*

*At this time the Biletnikoff Foundation would like to thank Wells Fargo for contributing 50,000 to Tracey's Place of Hope.*
